

After-School Revision Sessions and Thrive Interventions

There is an expectation that students in Year 11 show additional commitment to their learning at this important time in their school life. Part of this expectation is attendance at additional revision sessions when advised.

Revision sessions are planned and tailored for specific knowledge needs identified through Key Assessment and teacher class marking. If a student is invited to a session it is because they need to revise the exact information being delivered in that session. It is not a sanction for not doing well or not completing work.

We offer extensive opportunities for our year 11 students to complete extra revision and extend their learning through our revision sessions. For some subjects (such as Art) this is also important time to use for coursework completion.

This is our rota of which afternoons different subjects offer period 6:

	Monday	Tuesday	Wednesday	Thursday	Friday
After 3.15	Biology Chemistry Physics		Maths Spanish	English History Geography	Option subjects

There are also intervention sessions running during Thrive time. Individual and small groups of students will be informed of which ones they should attend by their relative class teacher or department lead.
