

Year 10: 'Beat the forgetting curve'

English: In poetry, what is a stanza?	A verse.
English: Who wrote 'Hamlet'?	Shakespeare
English: How should a letter be signed off?	Yours faithfully, / Yours sincerely,
Maths: How many lines of symmetry does a square have? What is its order of rotational symmetry?	A square has 4 lines of symmetry - horizontal, vertical and both diagonals. If rotated through 360° from its centre a square would fit into itself 4 times. Therefore a square has rotational symmetry of order 4 .
Maths: Solve the following equation to find the value of x $3x + 1 = 13$	Firstly, subtract 1 from both sides: $2x = 12$ Secondly, divide both sides by 2: $x = 6$
Maths: Write the following number in standard form 345000000	3.45×10^8
Science: What are the three subatomic particles?	Proton, electron and neutron
Science : What are enzymes?	Biological catalysts
Science : What is the law of conservation of energy	Energy cannot be created or destroyed only transferred from one store to another.
History: The term used to describe the Kaiser's decision to give up the throne.	Abdicate
History: The document signed to end WW1.	Armistice
History: Once the Kaiser had gone Germany became a...	Republic
